Govee Floor Lamp Lite

## Safety Instructions

### IMPORTANT SAFETY INSTRUCTIONS

When using products, basic precautions should always be practiced including the following:

**READ AND FOLLOW ALL SAFETY INSTRUCTIONS.**

- The lamp is not waterproof. Avoid exposing it to splashing or dripping water.
- The operating temperature should be within -10° to 40°C (14° to 104°F).
- The lamp's internal light source cannot be replaced. If it breaks, you must replace the lamp.
- Do not allow children to install the lamp alone.
- Avoid placing the lamp near heat sources.
- Do not install the lamp with a dimming driver.
- Avoid placing the lamp near potentially dangerous sources (e.g., candles, liquid-filled objects).

**CAUTION-**The product is not a toy.

Children and the disabled should use it under adult supervision.

**SAVE THESE INSTRUCTIONS**

## Introduction

Thanks for choosing the Govee floor lamp. This floor lamp creates a soft, cozy atmosphere in your home with its wide range of choices from 16M kinds of color. You can also select from different scene modes from the Govee Home app to achieve a unique addition to your space. When the music mode is enabled, you can immerse the joy while seeing the glorious lighting dance with the singing tune. The connection with Alexa or Google Home can bring your smart home life to another level by voice-control the lighting.

## What You Get

Floor Lamp	1

1. Assemble this floor lamp by following the Quick Start Guide.
2. Power on the adapter.

# Pairing Your Lamp with the Govee Home App

## What You Need:

A Wi-Fi router supporting the 2.4GHz and 802.11 b/g/n bands. 5GHz is not supported.

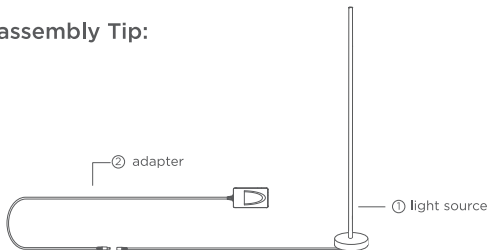

1. Download the Govee Home app from the App Store (iOS devices) or Google Play (Android devices).
2. Enable Bluetooth on your smartphone.
3. Open the app, tap the "+" icon in the top right corner, and search "H8076A".
4. Tap the device icon and follow the onscreen instructions to complete pairing.

## Specifications

Model	H8076A
Adapter Input	AC 100-240V 50/60Hz (US Plug) AC 200-240V 50/60Hz (EU & BS Plug)
Lamp Input	24VDC 1A
Lumens	1000lm@2200K
Colors	RGB and Warm White
Control Method	Control Box, App Control, Voice Control
Working Temperature	-10° to 40°C /14° to 104°F
HVIN	H8076AA

## Disassembly Tip:

The product is divided into two parts: (1) a light source and (2) an adapter. By detaching the output terminal of the adapter, you can easily remove the light source or the adapter.

## Troubleshooting

1. Cannot connect to the Govee Home app.
  - a. Check if the lamp is powered on.
  - b. Check if Bluetooth on the smartphone is enabled, or try connecting with another smartphone.
  - c. When connecting for the first time, ensure the smartphone is near the lamp.
  - d. If the connection error still exists, please delete the connected device from "My Device" on the app. Reconnect to the Govee Home app by following the instructions provided previously.
2. Wi-Fi disconnects or fails to connect.
  - a. Check that the lamp is powered on.
  - b. Do not skip the Wi-Fi connection steps during the device pairing process.
  - c. Ensure your Wi-Fi router is 2.4GHz (5GHz is not supported).
  - d. Ensure you have entered the correct Wi-Fi password during the Wi-Fi setup process.
  - e. Try using another smartphone to pair with the lamp to ensure your network is working properly.
  - f. Shorten the distance between the lamp and the Wi-Fi router to less than 50 inches, then reconnect.

3. Cannot connect to Alexa or Google Assistant.
  - a. Ensure the Wi-Fi connection is stable and working properly.
  - b. Go to "User Guide" in the app settings page to pair the lamp again.
4. Can multiple users control one lamp?
  - a. Each lamp can only be controlled by one account.
  - b. If multiple users want to manage the same lamp, ensure they all use the same account.

## **This product contains a light source of energy efficiency class G.**

Colour - tuneable light sources that can be set to at least the colours listed in this point and which have for each of these colours, measured at the dominant wavelength, a minimum excitation purity of:

Blue	466.8nm	97.5%
Green	520.8nm	79.9%
Red	630.8nm	100.0%

And are intended for use in applications requiring high-quality coloured light.  
Reference control settings: 2200K , "White Light" in Govee Home App.

## **Matter User Guide**

### 1. How to use Matter

#### **Step 1**

Find the QR code on the device or in Device Settings - Matter in Govee Home App after adding the device to the app.

#### **Step 2**

Turn on the Bluetooth on your smartphone and keep it on.

### Step 3

Download and open the app that supports Matter such as Amazon Alexa/Google Home/Apple HomeKit, etc.

### Step 4

Use the device number or QR code on the device in the app to complete the network connection of Matter for the device.

## 2. Important

You will need to complete the network connection of apps that support Matter (e.g. Amazon Alexa/Google Home/Apple HomeKit etc.) within 15 minutes after the product is powered on when using Matter for the first time.

An IPv6 network is required.

Changing the network may cause Matter to malfunction.

If the device cannot be connected to Matter's ecosystem app network, please tap Network Reset in the Device Settings page to restore the device to factory settings before trying to reconnect to the network.

If you need to change the network when using Matter, close Govee Home App and power off the device. Then, power back on and complete the network connection of apps that support Matter (e.g. Amazon Alexa/Google Home/Apple HomeKit, etc.) within 15 minutes.
