Govee Table Lamp 2 Pro x Sound by JBL

IMPORTANT SAFETY INSTRUCTIONS

When using products, basic precautions should always be practiced including the following:

READ AND FOLLOW ALL SAFETY INSTRUCTIONS.

- The lamp is not waterproof. Avoid exposing it to splashing or dripping water.
- Use this product under ambient temperatures.
- Avoid using the lamp near heat sources.
- Avoid using the lamp near potentially dangerous sources (e.g., candles, liquid-filled objects, etc.).
- This lamp uses a lithium battery, and high-temperature protection may be triggered to stop battery charging. Please charge again after the lights are off and at a lower temperature.
- The working temperature should be between 32 to 77°F (0 to 25°C). Store the product in places where the temperature is between -4 to 140°F (-20 to 60°C) if you do not plan to use it for a long time.
- CAUTION-The product is not a toy. Children and the disabled should use it under adult supervision.

SAVE THESE INSTRUCTIONS

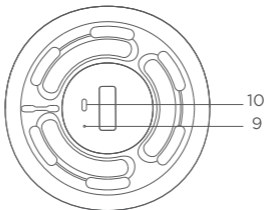

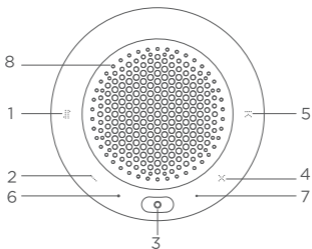

Introduction

Thanks for choosing Govee Table Lamp 2 Pro x Sound by JBL! This product features RGBIC, warm, and cool white lighting, as well as white noise and music via Bluetooth connection. In addition to the smart control of Govee Home App, it is also compatible with Alexa, Google Assistant, and Matter. The unique Pat-to-Wake feature should be set in the app. The power adapter and battery are used as a power supply. For a consistent user experience, use a power supply as much as possible.

What You Get

| | |
|-------------|---|
| Table Lamp | 1 |
| User Manual | 1 |

At a Glance

| | | |
|---|------------|---|
| 1 | Mode | Press to switch the color and scene mode. *Preset modes can be changed in the app. |
| 2 | - | Press to decrease the volume (only for white noise/Bluetooth music) Hold to decrease brightness (only when the lights are on) |
| 3 | Power | Press to turn the light on/off. Hold to shut down. Tip: The product is off by default when it is shipped. Hold for 3s to start it for the first time. |
| 4 | + | Press to increase the volume (only for white noise/Bluetooth music) Hold to increase brightness (only when the lights are on) |
| 5 | Play/Pause | Press to play or pause the white noise or audio from the Bluetooth speaker. Hold to enter the Bluetooth speaker pairing mode or cancel the current pairing. Tips: Enter the Device Settings page in Govee Home App and check the guide for the Bluetooth speaker. |

| | | |
|----|-----------------|---|
| 6 | Built-in Mic | Mic recognition port: Recognizes the music rhythm in the environment. Tips: This mic only works in Music Mode. If the device plays music via Bluetooth, it will not work. |
| 7 | Power Indicator | Steady Green: Power adapter powered with battery fully charged. Steady Orange: Power adapter powered with battery charging in progress. Gradient Orange: Power adapter powered with battery charging stopped due to temperature protection. Steady Blue: Battery powered. Red: Battery powered under the low power state, please charge it in time. |
| 8 | Speaker | Built-in speaker. |
| 9 | Reset Hole | Press the hole with a needle when the device is abnormally stuck. |
| 10 | Charging Port | EU and UK standard: Type-C port, please make sure to use 15V output 35W or above power adapter. Please prioritize the use of matching power adapters to the power supply. |

The Bedtime Switch feature allows the entire control touchpad to function as one big button. This makes it easier when in the dark to tap anywhere on the top of the lamp and turn on the light. This feature can be activated in the lamp's app settings.

Pairing Your Device with the Govee Home App

What You Need

- A Wi-Fi router that supports 2.4GHz and 802.11b/g/n bands. 5GHz is not supported.
1. Download Govee Home App from the App Store (iOS) or Google Play (Android). Log in with your account.
 2. New users need to create an account.
Turn on your smartphone's Bluetooth.
 3. Open the app, tap the "+" icon in the top right corner and search "H6020".
 4. Tap the device icon and follow the on-screen instructions to complete pairing.

Google Play is a trademark of Google LLC.

Matter Guide

Cautions

1. You will need to complete the network connection of apps that support Matter (e.g. Google Home/Apple HomeKit etc.) within 15 minutes after the product is powered on when using Matter for the first time.
2. An IPv6 network is required.
3. Changing the network may cause Matter to malfunction.
4. If the product cannot connect to the app, long press the Power Button and quickly press the "-" button 3 times ,the device will flash pink before shutting down. After that, long press the Power Button and try connecting again.

Step 1

Find the Matter QR code or device number on the product or on the "Device Settings" page in Govee Home App.

Step 2

Turn on the Bluetooth on your smartphone.

Step 3

Download and open an app that supports Matter such as Google Home, Apple HomeKit, etc.

Step 4

Use the device number or QR code on the product in the app to complete the network connection of Matter for the product.

Pairing with the Bluetooth Speaker

1. Turn on the Bluetooth on your smartphone.
2. Long press the “Play/Pause” button or enable Bluetooth pairing on the “Device Settings” page of Govee Home App. The device will flash blue and start to play the pairing sound.
3. Find Govee Table Lamp with Speaker in the list of Bluetooth devices on your phone and tap it. A green light will show if pairing is successful, otherwise, a red light. If the pairing fails, please try again.
4. You can check the Bluetooth speaker connection in the list of Bluetooth connections on your phone or in the Device Settings page in Govee Home App.
Tips: You can turn the pairing sound and lighting effect on or off in Settings-Bluetooth Speaker.
* If you want to create a stereo sound, please set it via the App.

Troubleshooting

1. Cannot connect to the Govee Home App.
 - Check if the device is powered on.
 - Check if Bluetooth on the smartphone is enabled, or try connecting to another smartphone.
 - When connecting for the first time, ensure the smartphone is near the device.
 - If a connection error still exists, delete the connected device from the "Devices" page in the app. Reconnect to Govee Home App by following the previously provided instructions.

2. Wi-Fi disconnected or failed to connect.

- Ensure your Wi-Fi router is 2.4GHz. 5GHz is not supported.
- Ensure you entered the correct Wi-Fi password during the Wi-Fi setup process.
- Try using another smartphone to pair with the table lamp to ensure your network is working properly.
- Shorten the distance between the device and the Wi-Fi router to less than 50ft, and then reconnect.

3. Cannot connect to Alexa or Google Assistant.

- Ensure the Wi-Fi connection is stable and working properly.
- Go to "User Guide" on the app Settings page to pair the device again.
- Make sure the device is connected to power and "Power Saving Mode" is disabled.

4. Can multiple app users control the same device using different accounts?

- Each lamp can only be controlled by one account.
- If multiple users want to manage the same lamp, ensure they all use the same account.
