Govee Table Lamp Classic

IMPORTANT SAFETY INSTRUCTIONS

When using products, basic precautions should always be practiced including the following:

READ AND FOLLOW ALL SAFETY INSTRUCTIONS.

- The lamp is not waterproof. Avoid exposing it to splashing or dripping water.
- All safety messages will alert you to know what the potential hazard is, tell you how to reduce the chance of injury, and let you know what can happen if the instructions are not followed.
- Use this product under ambient temperatures.
- The light source or separate control gear is not intended for use in other applications.
- Avoid using the lamp near heat sources.
- Avoid using the lamp near potentially dangerous sources (e.g., candles, liquid-filled objects, etc.).
- CAUTION-The product is not a toy. Children and the disabled should use it under adult supervision.
- This lamp uses a lithium battery, and high-temperature protection may be triggered to stop battery charging. Please charge again after the lights are off and at a lower temperature.
- This product is intended for indoor use (ambient temperature: 25°C). Do not use it in damp locations such as bathrooms or outdoors. This product is not waterproof, and improper use may result in poor insulation, leading to electric shock.
- Please avoid direct sunlight on the product, do not place high-temperature flammable items near the product, and keep it away from heat sources to prevent fire.
- If the external flexible cable or cord of this luminaire is damaged, it shall be replaced by a special cord or cord exclusively available from the manufacturer or his service agent.
- The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person.
- WARNING- DO NOT ATTEMPT TO OPEN, MODIFY, OR REPAIR

THIS PRODUCT. Any alteration or use of non-approved parts voids all warranties, negates compliance certifications, and may result in malfunction, electric shock, fire, or personal injury.

- Do not cover the product with flammable materials such as cloth or paper to prevent fire accidents.
- When the product is not in use for a long period of time, please unplug the power cord from the outlet to prevent fire accidents.
- For environmental reasons this package does not include a charger. This device can be powered with most USB power adapters and a cable with USB Type-C plug.
- The built-in lithium battery of the lamp should not be stored for too long. It is recommended to charge it approximately once every six months to prevent battery damage caused by self-discharge.
- Before discarding the lamp, the lithium battery must be removed from the lamp and should be disposed of safely. When removing the battery, the power should be disconnected first to avoid accidents such as electric shock.

Introduction

Thanks for choosing Govee Table Lamp Classic! This product features RGBIC, warm, and cool white lighting. In addition to the smart control of Govee Home App, it is also compatible with Alexa, Google Assistant, and Matter. The battery are used as a power supply, it allows you to bring smart light anywhere you want. For a consistent user experience, use a power supply as much as possible.

What You Get

Lamp Shade x1

Steel Rod x1

Lamp Base x1

Charging Cable x1

At a Glance

Reset Hole

Power/Switch Mode

Charging Port

Power	Press to turn the light on/off. Hold to shut down. Tip: The product is off by default when it is shipped. Hold for 3s to start it for the first time.
Switch Mode	Double press to switch the color and scene mode. *Preset modes can be changed in the app.
Reset Hole	Press the hole with a needle when the device is abnormally stuck.
Charging Port	Type-C port, please make sure to use 5V output 10W power adapter. Please prioritize the use of matching power adapters to the power supply.

Installation Steps

1. Thread the wire of the lamp shade through the center of the steel rod, then twist the rod and lamp shade together to secure them.

2. After connecting the wire between the base and the lamp shade, tighten the base and the steel rod to secure them.

Note: After tightening, allow some extra slack to better align the lamp shade with the four sides of the base.

Pairing Your Device with Govee Home App

What You Need:

- A Wi-Fi router that supports 2.4GHz and 802.11b/g/n bands. 5GHz is not supported.
 - A smartphone or tablet running iOS or Android.
1. Download Govee Home App from the App Store (iOS) or Google Play (Android). Log in with your account. New users need to create an account.
 2. Turn on your smartphone's Bluetooth.
 3. Open the app, tap the "+" icon in the top right corner and search "H1741".
 4. Tap the device icon and follow the on-screen instructions to complete pairing.

Matter Guide

Cautions:

1. You will need to complete the network connection of apps that support Matter (e.g. Google Home/Apple HomeKit etc.) within 15 minutes after the product is powered on when using Matter for the first time.
2. An IPv6 network is required.
3. Changing the network may cause Matter to malfunction.
4. If the product cannot connect to the app, long press the Power Button for 10s to restore factory settings. After that, try connecting again.

Step 1

Find the QR code or device number of Matter on the product or on Device Settings page in Govee Home App.

Step 2

Turn on the Bluetooth on your smartphone.

Step 3

Download and open the app that supports Matter like Google-Home/Apple Homekit, etc.

Step 4

Use the device number or QR code on the product in the app to complete the network connection of Matter for the product.

Specifications

Power Input (Min)	10W
Voltage Input	5V
Lumens	500lm
Light Displaying Technology	RGBICWW
Color Temperature	2700K-6500K

Troubleshooting

1. Cannot connect to Govee Home App.
 - Check if the device is powered on.
 - Check if the smartphone's Bluetooth is enabled, or try connecting with another smartphone.
 - When connecting for the first time, make sure the smartphone is near the device.
 - If a connection error still exists, delete the connected device from the "Devices" page in the app. Reconnect to Govee Home App by following the previously provided instructions.
2. Wi-Fi disconnected or failed to connect?
 - Ensure your Wi-Fi router is 2.4GHz. 5GHz is not supported.
 - Ensure you entered the correct Wi-Fi password during the Wi-Fi setup process.
 - Try using another smartphone to pair with the table lamp to ensure your network is working properly.
 - Shorten the distance between the device and the Wi-Fi router to less than 50ft, and then reconnect.

3. Cannot connect to Alexa or Google Assistant.

- Ensure the Wi-Fi connection is stable and working properly.
- Go to "User Guide" on the app Settings page to pair the device again.
- Make sure the device is connected to power and "Power Saving Mode" is disabled.

4. Can multiple app users control the same device using different accounts?

- Each lamp can only be controlled by one account.
- If multiple users want to manage the same lamp, ensure they all use the same account.
